My First Pond Kit

Pond dipping fun for all the family

- ▼ Create a small, natural wildlife pond
- ▼ Helps children to learn about nature
- ▼ Identify pond life, insects and bugs

RRP: £99.99

Children of all ages love being outdoors, exploring and learning about wildlife. So help them interact with nature by creating their very own small, natural wildlife pond.

The Bermuda My First Pond Kit includes some of the key products needed to get them started including; PVC pond liner, a fountain pump, water conditioner, barley straw, a pond net, magnifying glass and a pond dipping guide book to help identify all the minibeasts that could start to live in their pond.

Pond dipping is a great way to have fun but please remember to always supervise children near water.

Care For The Environment

Bringing wildlife to your garden and fun for all the family
